

Linda Strawberry, The Saddest Song

I am so lost

i am... so...

people say all kinds of things that they don't mean

i'm just trying to find what to believe in

so tell me that i'm alright

and i'll tell you i'm not alright

and these things are so hard to hear

when im just trying not to fall off the edge of the world

i can't go on

i can't go on

people say all kinds of things that they don't mean

i'm just trying what to believe in

tell me that i'm alright

and i'll tell you i'm not alright

and these things are so hard to hear

when i'm just trying not to fall off the edge

i'm just trying not to fall off the edge of the world

people say all kinds of things they don't mean

i'm just trying to find what to believe in..
