

Lindi Ortega, Don't Got Time

Well I don't got no one
And it ain't been no fun
And I don't got time
To waste on you

Boy you can't fix me
So you're no good to me
And I don't got time
To waste on you

So don't turn on the charm
You'd just do yourself harm
I've got no love left inside
To be giving tonight

So please just let me be
Sad and so lonely
Cause I don't got time
To waste on you
Said I don't got time to waste on you
