

Lindsay Lohan, Little More Personal

No I like when people talk in the beginning of songs I think that kinda rad
I dont think you should use it
Well something kinda introspective, something that means a bit to me
Like a little more ?personal?

You say you gotta go but what does that mean
Do you wanna be together or is it just me
Sometimes I think your in until I think your out
Its like im swimming in the deep and pull me out
Want me to feel want me to know
Want it to steel a little piece of heaven I can call my own

Can we try a little more personal
Can we throw away all the casual
Cuz the more I know about you and the more you know about me
Its easier to be a little more personal

Its like we do a dance where noone wants to move but if I take the first
Then maybe we can find a groove im really trying hard
To not just walk away
I think that its about time someone said
Want me to feel want me to know
Want it to steel a little piece of heaven I can call my own

Can we try a little more personal
Can we throw away all the casual
Cuz the more I know about you and the more you know about me
Its easier to be a little more personal

I wanna know what goes on in your mistery
I think that I could have the key to run back everything

Can we try a little more personal
Cuz the more I know about you and the more you know about me
Its easier to be a little more personal

Can we try a little more personal
Can we throw away all the casual
Cuz the more I know about you and the more you know about me
Its easier to be a little more personal

You say you gotta go but what does that mean
Do you wanna be together or is it just me
