

Lindsey Buckingham, Try For The Sun

We huddled in the derelict building
The gypsy girl and I
We made our beds together
With the rain and tears in our eyes
And who will be the one
To say it was no good what we done
I dare anyone dare anyone to say we
were too young
We were only trying for the sun

Mirror mirror in the sky
Won't you look what's happening
here below
No one knows what's going on
Can you give us a sign where to go
And who will be the one
To say it was no good what we done
I dare anyone dare anyone to say we
were too young
We were only trying for the sun
Who will be the one
To say it was no good what we done
I dare anyone dare anyone to say we
were too young
We were only trying for the sun
We were only trying for the sun
We were only trying for the sun
