An unavoidable superficial tedium is
scarin' me tonight!
"people are smiling at you"
i' m feelin like a fish.
I' ve lost my memory,
buzzin like a fridge as everyone in here
followin you i' ve lost myself!
Burnin out my ambition,
tonight i' m gonna follow the flow!
Hiding my sharp teeth tonight i' ll be
smart and educated, smart and educated.
Now tell me who' s leading the crowd ?
It' s me!
Now tell me who' s leading the crowd ?
It' s you!
Smart and educated, smart and educated.
Don' t say a word, hiding in the crowd!
If you have any doubt at all!
Get away you don' t loose nothing, nothin at all!
Let them talk, let them burn you!
I don't wanna be a part of everyone.
Let them bomb you!
Are you ready? Are you ready to swallow your tongue?
People protect you!
And it' s easy to be a part of them.
Watch your feet and follow your leaders!
Don' t say a word!
Hiding in the crowd!
If you have any doubt at all!
Get away you don' t loose nothing, nothin at all!
Right! Right! Squeal!!
