

# Linkin Park, Forgotten Demo

From the top to the bottom (Bottom to top I stop)  
At the core of the rotten (Stop and just what I thought)  
Taken far from my safety (So I've frightened the sky)  
And the sun will escape me (So why did I try)

From the thread to the needle; middle to end  
Where skies cock back and shock that which couldn't defend  
The rain then sends dripping an acidic question  
Forcefully; the power of suggestion  
Then, with the eyes tightly shut looking through the rust  
And rotten dust, a small spot of light floods the floor  
And pours over the rusted world of pretend  
And the eyes ease open and it's dark again

From the top to the bottom (Bottom to top I stop)  
At the core of the rotten (Stop and just what I thought)  
Taken far from my safety (So I've frightened the sky)  
And the sun will escape me (So why did I try)

In a minute you'll find me  
Eyes burn me up...  
You say you'll never forget me  
But the lies have piled up

Moving all around, screaming of the ups and downs  
Pollution manifested in perpetual sound  
And as the wheels go around, the sunset creeps past the  
Street lamps, cars, chainlinks, and concrete  
A window then grows, and captures the eye  
And cries out a yellow light as it passes it by  
A small black figure sits in front of a box  
Inside a box of rock with a needle on top  
Nothing stops in this land of the pain  
The sane lose not knowing they were part of the game  
But while the insides change, the box stays the same  
And shame, shovel up the pieces to the pain  
You can try to hide yourself in this world of pretend  
But when the paper's crumpled up it can't be perfect again

From the top to the bottom (Bottom to top I stop)  
At the core of the rotten (Stop and just what I thought)  
Taken far from my safety (So I've frightened the sky)  
And the sun will escape me (So why did I try)

In a minute you'll find me  
Eyes burn me up...  
You say you'll never forget me  
But the lies have piled up

Yeah I got you caught in the act  
You better step back  
Telling you that I'm seeing right through you

(Are you afraid of the truth?)

In a minute you'll find me  
Eyes burn me up...  
You say you'll never forget me  
But the lies have piled up
