

# Lion's Share, Don't Come Easy

You know my love don't come easy  
i don't always see things clear  
some days laughter some days crying  
sometimes it feels all wrong

But i know we can't hide away  
from our love  
we still feel the same

You know we don't mean it  
what's been said and what's been done  
i know we still believe  
though it sometimes seems so hard  
it's more than a feeling  
that we can't erase by far  
you see it in my eyes girl  
that my love for you is true

Looking back at all the memories  
all the good times that we had  
i know we'll have them in the future  
if we only make amends

"cause i know we can't hide away  
from our love  
we still feel the same

You know we don't mean it  
what's been said and what's been done  
i know we still believe  
though it sometimes seems so hard  
it's more than a feeling  
that we can't erase by far  
you see it in my eyes girl  
that my love for you is true

Now we know our love is sacred  
and together we'll be strong

You know we don't mean it  
what's been said and what's been done  
i know we still believe  
though it sometimes seems so hard  
it's more than a feeling  
that we can't erase by far  
you see it in my eyes girl  
that my love for you is true

You know our love don't come easy
