

# Lion's Share, Free Your Mind

Don't let them run your life  
Tell you how to think or feel  
The choices that you're making  
They should be your own  
Don't forget yourself  
Looking inside  
I know that you will find it there  
What ever you may need

Free your mind  
Let your heart decide  
That's the way  
Spread the word today

So never compromise  
You just do what's in your heart  
And you don't need a reason  
Trust in what you feel  
It's inside of you  
Searching within  
I know you'll find the answer there  
No matter what you need
