

# Lionel Richie, Closest Thing To Heaven

An angel's kiss is, the kiss you give me  
An angel's touch has, touched my heart  
Your love is something, that's truly heavenly  
Heaven is here in your arms,  
I couldn't sleep at night  
And then you blessed my life, with your sweet sexy ways  
Oh, now I can't even think what my life would be  
To be without you even one day

[Chorus:]

You're the closest thing to heaven in my world  
Never take this heaven from my arms  
Don't take your love from me or you'll take everything  
You're the closest thing to heaven that I've ever seen  
You are, you are the closest thing to heaven  
You are, you are

My happiness is just being next to you  
You're tenderness has touched my soul  
Never knew someone had so much love for me  
I'm never letting you go, I thought no one could care  
You answered all my prayers with your sweet sexy ways  
Oh, you made my life complete when you made love to me  
That's why I love you more everyday

[Chorus]

Take it away, you are, you are  
You are the one love I need in my life  
The one touch I need in the night  
Whoa? The answer to all of my prayers  
Promise me you'll always be there

[Chorus]
