

# Lionel Richie, Don't Stop The Music

On the street, in the park on the floor anywhere you are  
Something fresh, something wild, take it up like a shooting star  
Cause I never found anyone like you  
And you are the beat in my heart  
Come on take my higher

Don't stop the music  
We can make beautiful music  
Don't fight the feeling  
Now that we're falling in love

Take a trip to the stars, make a wish, rocket to the moon,  
There you are between Venus and Mars, now you're in the groove

Cause I see the passion that's in your eyes  
And you lift me up to the sky  
Come on take me higher

Don't stop the music  
We can make beautiful music  
Don't fight the feeling  
When the feeling's good, when the feeling's right  
Don't stop the music  
We can make beautiful music  
Don't fight the feeling  
Now that we're falling in love

Don't stop the music baby  
Let the rhythm drive you crazy  
Don't fight the feeling baby  
In your heart, in your heart, in your heart

Don't stop the music  
We can make beautiful music  
Don't fight the feeling  
When the feeling's good, when the feeling's right  
Don't stop the music  
We can make beautiful music  
Don't fight the feeling  
When the feeling is good, when the feeling is strong
