

# Lior, Grey Ocean

Ooh, there's a grey ocean  
Ooh, it's calling me in  
I'm getting taken under  
Don't know these emotions  
Don't think i ever have  
So helplessly caught in your tide

Ooh, grey  
Why can't i be the simply blue sky  
Don't know where you'll take me  
Whether you'll do me harm  
Just don't leave me stranded in your arms

Ooh, ooh, ooh, ooh

When i'm trying to keep my head above your charm  
Trying to stay calm  
But i don't know if i'll make it  
Or if i ever will  
Just don't leave me stranded  
Don't leave me stranded  
Don't leave me stranded in your arms

Grey Ocean
