

# Lipali, FASADY - Sunrise

Running out of time  
Although I've taken it slow  
Thinking about all that has come and gone

Shaking off blame  
Someone I hurt or struck  
Dream I could fly  
Fly never to come back

You gotta run away  
I gotta run away  
Making your own new way  
You gotta run

Falling apart  
Guess I messed up with all  
Willing to fly  
Get rid of truths I'm told

They say I'm sick  
Don't see what's on below  
What's there to live  
I'll settle this one alone

You gotta run away  
I gotta run away  
Making your own new day  
You gotta run

Into sunrise  
In the sunrise
