

Lipali, New One

Soul devastated
Gods are frustrated
I have to go my own way
I ve got my judgement
I ve got my rules
I m not in solitude
I ve got an idea on my mind
Better days ?
No gods allow !
I m the cosmic ray
I m going straight ahead to undiscovered part of
Space in front of me
No one can t catch me
But some of you should try
Blindness is expanding
Uprightness is fadeing
The epitaph is reward
I ve got my judgement
I ve got my rules
I m not in solitude
I ve got an idea on my mind
Better days ?
No gods allow !
I m the cosmic ray
I m going straight ahead to undiscovered part of
Space in front of me
No one can t catch me
But some of you should try
I'm the ace of spades
I'm the strongest card the winner in this game and
gods can get my ass to kiss and
some of them will try...
