

# Liquido, Clown

Anything fades  
And withers away  
Tomorrow is past  
Too close to stay  
I've never heard that voice before, nevermore  
I've been trying to tease you  
I've been trying to please you  
How can I make your time worthwhile?

Life's to be lived  
The road shall be long  
Let's sing our fate  
A happy song

I wanna be a clown  
I wanna be a clown  
Fool around  
And make you laugh (x2)

Tata, tata, tata, tatada (x2)

Now what can I do  
To catch a smile  
Forever young  
In sweet desire  
It's but a law  
We have to break  
There must be more ways  
We can take  
How can I blame you  
For I cannot save you  
How can I make your time worthwhile?

The bitterest taste  
Of the years I waste  
Is that I spare my mind  
Of what remains

I wanna be a clown  
I wanna be a clown  
Fool around  
And make you laugh (x2)

I wanna be a clown.. oohii  
I wanna be a clown.. oohii

I wanna be a clown  
I wanna be a clown  
Fool around  
And make you laugh

Tata, tata, tata, tatada (fades out)  
Clown.. (together with: tata.. etc.)
