

Liquido, On The Radio

Turn it on today, a sunny day.
Listen what's up on the radio.
But do you like the tracks? poppy smacks!
Someone has to turn up the radio.

Tell me what goes wrong,
Do you feel the same.
Someone has to turn it down.
It's a sunday, it's a monday or a friday.
every day the same,
all so god-damn lame.
will it never change.

On the radio - soundwave treasure.
On the tv show - soap for pleasure.
On and on, what you have to know
It's on the radio.

Now you got your name.
On the first row of the lounge.
And you're avoiding complications - easy listening sounds.
And i'm remembering the times.
When you confused my state of mind .
We turned it up and made it, up and made it, up to make it .

On the radio - soundwave treasure.
On the tv show - soap for pleasure .
On and on, what you have to know
It's on the radio .

Too late to break the wellknown rules.
Now it's up to you - refine the radio !

On the radio - soundwave trasure.
On the tv show - soap for pleasure .
On and on, what you have to know
It's on the radio .
