

# Liquido, Swing It

I'll stay now  
Want you to save my pleasure  
Don't you know  
Love is a state of treasure

Don't you say you're here now with me  
Though you will trace that measure  
No good now - not now

Though I'd shiver  
All daffodils might wither  
I will still come with you

I cannot fail  
I chose an aim  
That you don't know  
no no - not now

I swing it  
Go bring it  
If you wanna say no  
No No No

I found passion  
To satisfy my sprightliness  
She is all I need

I got time still  
To make you realize delight  
and to see me free - right now  
(bring your body ...) :

I swing it  
Go bring it  
If you wanna say no  
No No No
