

Lisa Brokop, One Of Those Nights

Come here baby, let me wrap you 'round my finger.
Oh, I want you so much, love's just a touch away.
Touch me baby and you'll feel someone on fire.
Oh, just hold on to me- cause it's gonna be one of those nights

One of those nights, when love has us right in its hands
Here in the dark, what you do to my heart...
Darling your wonder don't end
and it's one of those nights again.

Don't need moonlight, rain or soft music playing
You're all of those things with the sound of my name on your lips
Baby you're something and I'm wrapped around your finger
Oh I need you so much, cause I'm so far into one of those nights

Oh it's one of those nights, love has us right in its hands
Here in the dark, what you do to my heart
Darling your wonder don't end.
ohhhh its one of those nights.. one of those nights... again
