

Lisa Bund, I Turn To You

Rain turns to rainbows
Roses need the dew
But not as much as I need you
Just you
And when I'm scared and
Losing solid ground
And you can turn it all around
Just you
You always keep me safe and warm
Turn you're my shield from the thunderstorm
I turn to you
I turn to you
Someone to hold when no one
Else will do I turn to you
You deep in my heart
When the world turns on me
I turn to you
When I feel lost you were always there
You give me love and you take care
Just you and when I'm down
You push me to the top
You're always there my love don't stop
For you
You always keep me safe and warm
You're my shield from the thunderstorm
I turn to you
I turn to you
Someone to hold when no one
Else will do
I turn to you
Deep in my heart
When the world turns on me
I turn to you and I know our love is true
I turn to you
On every single day
To you
In every single day
To you
For every single day
To you
I turn to you
I turn to you
Someone to hold when no one
Else will do
I turn to you
I turn to you
For the will to carry on
I Turn to you
For everything you do I turn to you
When the world turns on me
I turn to you
