

Lisa Bund, If I Loose You

I'm not the easiest one
On a train to catch a plane
Don't know when I'm back again
Tell me that we're stronger
When the clouds turn on the rain
And the day just breaks away
You in my head - it was always you
Tattooed my soul - now my
Heart is on the line
If I lose you
Everything would be in vain
Love would be a lonely name
You're the story of my life
If I lose you
I would live on memories
You'll take away my everything
Cause I'm doing it all for you and me
Watch a girl break easily
If I lose you now
I would do anything
Fight hell to heal your scars
Unbreak your broken heart
And I know oh, that I was blind
I should have told you long ago
You know that I'm not made of stone
You in my head - it was always you
Tattooed my soul - now my
Heart is on the line
If I lose you
Everything would be in vain
Love would be a lonely name
You're the story of my life
If I lose you
I would live on memories
You'll take away my everything
If cause I'm doing it all for you and me
Watch a girl break easily
I just need to love you more
You and show you what I feel inside
I just need to make you smile
And wipe away the tears you cry
It's not to late...
If I lose you
Everything would be in vain
Love would be a lonely name
You're the story of my life
If I lose you
I would live on memories
You'll take away my everything
Cause I'm doing it all for you and me
Watch a girl break easily
If I lose you now /2x
