

# Lisa Bund, What Goes Up

Guess you're fine - how am I?  
We've been going along sometime  
Can we walk for a while  
Maybe over a glass of wine  
I'm all cried out - yeah I'm through  
Listen up! I'm talking to you  
What goes up - must come down  
What was there - ain't around  
Goes I'm going up, down, in and out of my head  
Up I'm so easily lied  
What goes up - must come down  
I'm still here running around  
I'm going up, down, in and out of my head  
I'm so easily lied  
Guess I know you won't change  
Like the seasons still the same  
Are you real or a game  
Check me out I don't wanna play  
What goes up - must come down  
What was there - ain't around  
Goes I'm going up, down, in and out of my head  
Up I'm so easily lied  
What goes up - must come down  
I'm still here running around  
I'm going up, down, in and out of my head  
I'm so easily lied /2x  
Will I take you back  
If you walked away  
Could you change your mind baby  
Come what may  
How many times need I beg you to stay  
Again and again and again  
And again and again and again  
What goes up - must come down  
What was there - ain't around  
Goes I'm going up, down, in and out of my head  
Up I'm so easily lied  
What goes up - must come down  
I'm still here running around  
I'm going up, down, in and out of my head  
I'm so easily lied /2x
