

Lisa Germano, Crackling Water

Crackling water
In the crackling light
And the crackling clouds
Here in the crackling night

I want you now
If this is not hate
I don't know how
I ever over-underrate

Here on earth
Where the wind and the rain prevail
It bends what you build and it rusts what you nail
Here on earth

When the weather is warm
And the cool rains return
When the wind's fully formed
And the storm we finally earnt

Yeah, i'll return
When the weather is warm
With the gray i've earned
And my heart now fully formed

Here on earth
With the bends and the rust
You hide from the rain and the winds you mistrust
Here on earth

I hate you now
If this is not love
Then i don't know what
I've been a party of

Here on earth
With the wind and rain
They love to erode what you love to sustain
Here on earth these things remain

Crackling water
In the crackling light
Crackling clouds
In the crackling night

I want you now
If this is not hate
I hate you now
If this is not love

If this is not love
Well, i don't know what
I've been a party of
I want you now

I want you now
I hate you now
I hate you now
I want you now

I want you now
Hey...
I hate you now
If this isn't love
