

# Lisa Germano, Messages From Sophia &quot;Th

You can carry me home now  
You can carry me home  
I'm drunk and you're tired  
We haven't talked for a while

You can carry a lie  
'Till it makes you fall down  
You can't help me  
Be quiet  
I couldn't touch you right now

You couldn't care if i died  
But I haven't finished quite yet  
Couldn't you give me a moment  
Let me catch my breath

Lies, liar, lies, liar, lies, liar

You can carry me home now  
You can carry me home  
I'm drunk and it's christmas  
We haven't talked for a while  
You can carry me home now  
Would you just carry me home
