If you saw me  
Like i see you  
Should I tell you?  
What if I do?  
I know it lives and does  
'Cause I felt so yesterday  
But as I live and breathe  
It always  
Goes away

If I saw you  
Like I see me  
Have to warn you  
Silently  
I know it lives  
It does 'cause I felt so good today  
And always like again  
I know it's gonna go away

If I saw me  
like I see you  
I would love me  
What if I do?
