

# Lisa Germano, Tomorrowing

If you feel let down at all  
You lift me  
Just a little frown is all I need  
Do you think it's fun?  
Oh yeah  
Do you feel alone?  
Alright  
It's just the wave we're riding  
So sick of you and me  
And like us  
Falling all around  
Inside our heads  
Do you think of it?  
Oh yeah  
Just a little bit?  
Alright  
On a wave i'll leave you

It's ok X4  
Tomorrowing  
Tomorrowing  
Tomorrowing, yeah

Are you closing down again?  
I know you  
Don't you wonder how  
They make it through?  
But I like it when you're sad  
I'm happier  
It's just the wave you're used to  
Are you really down?  
Tonight i'm there too  
All the way until we lose control  
Are you all alone?  
Oh, no  
Can you make a sound?  
Oh, yeah  
And the waves keep moving

It's ok X4  
Tomorrowing  
Tomorrowing  
Tomorrowing, yeah

Tomorrowing  
Tomorrowing  
Tomorrowing, yeah  
(Repeat)
