

Lisa Loeb, Drops Me Down

I walked away to get wisdom
But in the end I just walked home
And it drops me, drops me down
And I'm not feeling so good again

It was the same song and it's making me sad
Cause I think that it's happened
And it hasn't been had
And it drops me, drops me down
And I'm not feeling so good again

And I'm injured again
Yeah it's sick and I'm sucked in
Yeah I'm at it again
It's sick and I'm sucked in
It's sick and I'm sucked in

Cause I had some things so dear
Slip away and leave me here
And it drops me, drops me down
And I'm not feeling so good again
Yeah, it drops me, drops me down
And I'm not feeling so good again
