

# Lisa Loeb, I Wish By Lisa Loeb

I wish for a place  
where the earth doesn't shake  
if the earth won't be still  
then I will

And my friends can be my family  
and they could be my company  
and I'll take them to a party  
and we'll have fun  
they will tell me if I'm near  
to anywhere but here

I wish for a place  
where it's not such a waste  
I can tell the girls' my name  
it's okay, although it's plain

can you tell me if I'm near to anywhere but here?

if I could sleep  
then I would dream of what you promised me  
then everything would seem better than it is

I wish for a place where I could go  
cuz everything here moves so slow

Can you tell me if I'm near to anywhere but here?

I wish for a place  
where the earth doesn't shake  
if the earth won't be still  
then you and I will  
can you tell me if I'm near to anywhere but here?
