

# Lisa Loeb, Oh Groundhog

Groundhog lives way down in the hole  
Groundhog lives way down in the hole  
He's got to hide away from the cold  
Oh, groundhog

Groundhog sleeping all winter along  
Groundhog sleeping all winter along  
Sleep right through the snow and the storms  
Oh, groundhog

Dreams about the warm sunshine  
Dreams about the warm sunshine  
Chasing the bees and the butterflies  
Oh, groundhog

Oh when will the winter end  
Oh when will the winter end  
Look out the window, it's snowing again  
Oh, groundhog

One fine day the groundhog knows  
One fine day the groundhog knows  
He wakes up cause spring is close  
Oh, groundhog

Up through the tunnel into the air  
Up through the tunnel into the air  
Don't see a shadow, spring is here  
Oh, groundhog
