

LISA MAY, Bae

Everyday everytime I tell you
I love you
I try to be simple
But I ain't
Gimme gimme gimme your love
Your time Ima be Ima be yours tonight now
Gimme gimme a reason
Why you're always right
Telling me stuff I don't care about
I really don't know where we're going
What we're doing here right now
You know you love me more, boy
Boy! I wanna be wanna be yours

I wanna be your long lost lover
Yea yea
I don't mind yea
I wanna be your long lost baby
You've been missing and she's breaking your heart now
I wanna be your long lost lover
Yea yea I don't mind yea
I wanna be your long lost baby
You've been missing and she's stealing your heart now

Oh oh oh I wanna be wanna be yours
Oh oh oh I wanna be wanna be yours

Would you believe if I told you
I love you and left you there into the darkness
Boy would you still love me back
You've stepped over oceans
I bang bang your heart now

How many girls are you chasing
and breaking and blaming it all on their words
Let me torture you little bit longer
And I'm be yours bay

Let me torture you little bit longer
And I'ma be yours bae
I'ma be yours bae
I wanna be wanna be yours

I wanna be your long lost lover
Yea yea
I don't mind yea
I wanna be your long lost baby
You've been missing and she's breaking your heart now
I wanna be your long lost lover
Yea yea I don't mind yea
I wanna be your long lost baby
You've been missing and she's stealing your heart now

Oh oh oh oh I
I'ma be yours bae
Oh oh oh oh I
I'ma be yours bae
I wanna be wanna be yours

I wanna be your long lost lover
Yea yea
I don't mind yea
