

Lisa Stansfield, A Little More Love

(L. Stansfield/I. Devaney/A. Morris)

Measure for measure

Your love's so much pleasure

Like a haunting melody

It came inside and captured me

And I'm so happy

You're the rhythm of my life

You and I together will stand the test of time

(You know how to love me)

Give me more love, give me more time

I can't understand it

Maybe you've found someone new

Tell me what did I do wrong

What did I do

Looking into your eyes now

I don't see the love we had

I don't see compassion

I don't see anything

(Chorus)

Give me just a little more love

Some more to tide me over

Give me just a little more passion

Give me just a little more love

And a little more time

I don't see the reason

Why you should be so unfair

But I have seen it coming

Seen it hanging in the air

Baby when you hold me

You don't touch me like you did

But still I want you by my side

Baby I'll do anything

(Chorus)

I can see you're slipping away from me

But I still feel the magic sometimes

When we touch

You and me, it has to be

'Cos baby without you I don't think that I can carry on

(Chorus x 4 and fade)
