

Lisa Stansfield, Affection

(L. Stansfield/I. Devaney/A. Morris)

Feel the sun on your face and the wind in you hair

And a big, big love in your heart

So strong

Feel a hand in your hand and a whisper sweet and low

That says I love you

Spoken:

We all know what we want

Chorus:

Affection, it's a way of life

Direction, all of us know which way we're going

With our affection

Affection, may be big or small but know that

We can have it all with our affection

We know which way to go

Take a walk in the sun with the one you love

And a big, big love in your heart

So strong

And rest a little while, keep on smilin', smilin'

Spoken:

We all know what we want

Chorus

Well, you could lay down and die for the one you're lovin'

There's a sweet, sweet love in your heart

So strong

When you're dancin' on the air, like you don't care

It's honey on your lips and sweeter to your fingertips

You know what we want

Chorus
