

Lisa Stansfield, Everything Will Get Better

The world is going mad
all the sadness that we have is driving us insane
We all listen to ourselves, never no one else
This is why we feel the pain

Don't look back on life
Only look forward to find the answer
Forget your trouble in your strife
and sing...

Na na na na na na na na na na
Everything will get better somehow
Na na na na na na na na na na
Everything will get better

The world is going mad
all the sadness that we have is driving us insane
We all listen to ourselves, never no one else
This is why we feel the pain

Sing to me baby

Don't look back on life

Forget your trouble in your strife
