

# Lisa Stansfield, Lay Me Down

He's warmer than the radiator  
Sweeter than caramel  
The way he weaves his madness  
And it puts me in a spell  
He twists me 'round his finger  
And I enjoy it so  
Hold me in his tender arms  
And never let me go  
He'll never let me go  
Never let me go  
Never let me go

Do, down, lay me down  
Do, down, lay me down  
Do, down, lay me down  
Do, down, lay me down

There's never complication  
He'll never compromise  
His kisses never ending  
And they send me to the sky  
He's understanding  
And he'll never let me down  
He fills me up with passion  
And he'll always be around  
He'll always be around  
He'll always be around  
Always be, he will always be around

Do, down, lay me down  
Do, down, lay me down  
You hear what I say  
Do, down, lay me down  
Do, down, lay me down  
Do, down, lay me down  
Do, down, lay me down  
He'll never let me down  
Do, down, lay me down  
Do you know what it means to me  
Do, down, lay me down  
And he's everything, oh baby  
He'll always be around  
He'll always be around  
He'll always be around  
He'll always be, he'll always be around
