

Lisa Stansfield, Suzanne

Dear sister, something's been going on
It's me and my mister, now I know I'm wrong

(Bridge)

Cos' I hurt and I'm sore but
I can't help thinking about him so
I hurt and what's more
I don't think I can let him go

(Chorus)

So won't you help me Suzanne
Help me try and understand
Won't you help me Suzanne
Cos' I've just got to say good-bye
Say good-bye to my man

Dear sister, I lay awake some nights

Thinking sound I risk a ...

Should I risk another fight

(Bridge)

(Chorus)

Lately love's like lead it weights me down
I don't know if I'm safe and sound
My favourite colour's green not black and blue
There must be something you can do

(Chorus)

(Repeat and fade)
