

Lisa Stansfield, When Love Breaks Down

My love and I
We work well together
But often we're apart
Absence makes the
heart lose weight, yeah
'Til love breaks down,
love breaks down

Oh my, oh my
Have you seen the weather
The sweet September rain
Rain on me
like no other
Until I drown, until I drown

When love breaks down
the things you do
To stop the truth from hurting you
When love breaks down
the lies we tell
They only serve to fool ourselves
When love breaks down
When love breaks down

My love and I
We are boxing clever
He'll never crowd me out
Both be free as old confetti
And paint the town, paint the town

When love breaks down
the things you do
To stop the truth from hurting you
When loves breaks down
the lies we tell
They only serve to fool ourselves
When love breaks down
we join the wrecks
Who leave their hearts for easy sex
When love breaks down
When love breaks down

My love and I
We were high and climbing
Into the sky of blue
Loud with colours
of a rainbow
A changing view
Changing view

When love breaks down
the things you do
To stop the truth from hurting you
When love breaks down
the lies we tell
They only serve to fool ourselves
When love breaks down
we join the wrecks
Who leave their hearts for easy sex
When love breaks down
When love breaks down
