## Lisa Stansfield, When Love Breaks Down

My love and I We work well together But often we're apart Absence makes the heart lose weight, yeah 'Til love breaks down, love breaks down

Oh my, oh my Have you seen the weather The sweet September rain Rain on me like no other Until I drown, until I drown

When love breaks down the things you do To stop the truth from hurting you When love breaks down the lies we tell They only serve to fool ourselves When love breaks down When love breaks down

My love and I We are boxing clever He'll never crowd me out Both be free as old confetti And paint the town, paint the town

When love breaks down the things you do To stop the truth from hurting you When loves breaks down the lies we tell They only serve to fool ourselves When love breaks down we join the wrecks Who leave their hearts for easy sex When love breaks down When love breaks down

My love and I We were high and climbing Into the sky of blue Loud with colours of a rainbow A changing view Changing view

When love breoks down the things you do To stop the truth from hurting you When love breaks down the lies we tell They only serve to fool ourselves When love breaks down we join the wrecks Who leave their hearts for easy sex When love breaks down When love breaks down
