

Lit, Don't Tell Me Why

She's not the girl i thought she was
oh yeah baby
why dont she want me anymore
oh yeah baby
she'd rather stay at home and cook and look after the baby
than be with me all night, than be with me all night

Don't tell me why
i'll figure it out sometime
Don't tell me
why she's telling me all these lies
i dont know why, i dont why
I'm standing in this spotlight
AND I
and i
why, why, why, why,why,why,why,why

she wants me no more
she's a little whore
i want her dead and gone
my life is all a lie
my life is all a lie

Don't tell me why im standing in this spotlight
telling u all these lies
and i
and i.....
