

# Lit, Drop D

"Got a tattoo  
Got it in colored in with blue  
Cause it's a picture of your cold sad face  
And now its true  
We're probably better off apart  
And we knew it from the start  
But you never want to stop  
Wanting me, wanting you

Get up  
I think it's time for you to go  
I don't know why you stay  
Or what youre waiting for

I'll get by  
As long as you want me  
I'll be fine  
As long as you need me  
As long as you need me

Got a new shirt  
Trying to cover up the hurt  
Cause I don't never wanna show you what you did  
And now its done  
We're so much better off in bed  
But we're fucked up in the head  
And we never wanna stop  
Wanting more, such a whore

Get up and let me watch you dance some more  
We both know why you came  
And what you're looking for

I'll get by as long as you want me  
I'll get by as long as you need me  
I'll get by as long as you want me  
As long as you leave me

Never wanna stop, never wanna stop  
Never wanna stop, never wanna stop

I'll get by as long as you want me  
I'll be fine as long as you need me  
I'll get by as long as you need me  
As long as you leave me"
