

Lit, Miserable

You make me come
You make me complete
You make me completely miserable

Stuck to a chair
Watchin' this story about me
Everything goes by so fast
Making my head spin
Used up all my friends
But who needs them
When you mean everything

Well I love the things that we should fear
And I'm not afraid of being here
So much the same
It makes me helpless alone

Nothing to share
Why should I
Care if you're near me
Give up all my plans
But who needs them
When you mean everything

I love the things that we should fear
And I'm not afraid of being here
So much the same
It makes me helpless alone

You make me come
You make me complete
You make me completely miserable

Well I love the things that we should fear
And I'm not afraid of being here
So much the same
It makes me helpless alone

You make me come
You make me complete
You make me completely miserable
