

# Lit, No Big Thing

If you just want to be my friend  
Why do you keep calling me then  
It's better that I never see you  
Will I ever see you again  
It's alright  
My heart isn't broken  
It's alright  
I'm feeling no pain  
It's alright  
I'm not going crazy  
It's alright  
It's no big thing  
If you just want to be my friend  
Why do you keep calling me then  
It's better that I never see you  
Will I ever see you again  
It's alright  
My car isn't broken  
It's alright  
I'm feeling no pain  
It's alright  
I'm not going crazy  
It's alright  
It's no big thing
