Lita Ford, Dedication

Heart and soul I love you so much Body and soul I want you too Heart and soul I love you too much And this I dedicate to you

I need your love I need your kisses, yeah I need your hot, hot love I need your wet, wet kisses, yeah

I love you

Heart and soul I love you so much Body and soul I want you too Heart and soul I love you too much And this I dedicate to you

Dedicate this

I need your face I need your wild, wild eyes I need your hands, your fingers With your hands creeping down my thighs, oh, yeah!

Heart and soul I love you so much Body and soul I want you too Heart and soul I love you too much And this I dedicate to you, oh, yeah!

Heart and soul I love you so much Body and soul I want you too Heart and soul I love you too much And this I dedicate to you

Heart and soul I love you so much Body and soul I want you too Heart and soul I love you too much And this I dedicate to you
