Lita Ford, What Do Ya Know About Love

You walk tall, you act proud Leave the little girls cryin' out loud You got it all, it's not enough When it comes to love, babe you're outta luck Yeah, I know I'm a fool Tryin' to find a way to get next to you

I wanna tie myself to your bed of fire But you'll only cut me loose once you had enough

Tell me, what do you know about love? Spreadin' yourself all over town What do you know about love? There's a lot more to it than lyin' down

Your mind's tickin', your heart stop Your eyes are ice cold, your lips are red hot Little lies that you do Whispered like an Angel straight from Hell Live wire, short fuse Walkin' detonator in snakeskin boots

You're a bad mistake but I can't wait to make you I'm gonna shake you from your sleepwalk in the dark

Hey, what do you know about love?
With your dirty mind and your heart of stone
What do you know about love?
You got a lot of friends but you're all alone
How can you run from the truth?
Spreadin' yourself all over town
What do you know about love?
There's a lot more to it than lyin' down

The day will come, you take a long hard look in the mirror And your pretty face starts to look a little rough

What do you know about love? What do you know about love? How can you run from the truth? Baby, baby, run away, yeah

What do you know about love?
With your dirty mind and your heart of stone
What do you know about love?
You got a lot of friends but you're all alone
How can you run from the truth?
Spreadin' yourself all over town
What do you know about love?
There's a lot more to it than lyin' down

What do you know about love? What do you know about love? What do you know about love?
