## Little Big Town, Mean Streak

What did I do, tell me what did I say That kicked up dirt and brought out this side of you baby It's one of those moods, yeah it's the one of those days What kind of dark snuck up and took a bite of you baby The longer it goes well, the shorter your fuse Maybe you'd know if you walked in my shoes Damned if I don't and I'm damned if I do Cold as the concrete Tough as a backstreet Like a frat boy at hell week Babe, you got a mean streak Fire in the hole and a hole in my heart You're on a roll and I'm takin cover now baby Where does it end and where do I start To soften the sting one way or another now baby Be good to me honey I'm on your side I'm gonna bend gonna let a lot slide But hey what's the deal with your Jekyll and Hyde? Rough as a dry creek Sharp as a hawk's beak Coming fast as a stampede Babe you got a mean streak Hard as an oak tree Mas as a queen bee Hot as Majave Yeah it burns like a dry heat Tight as a kite string Bad as a black sheep Sure as a heart beat Babe you got a mean streak

There in your shadows, save room for me
