

Little Birdy, Excited

I'm excited to be with you

Latches off the lie
I'm running from
In my life
Love you wanna change
Take it so you're all alone for
A long time

It's love you had the love you had
a long long time
I can't figure out why
You don't need mine

I'm excited to be with you

Love you wanna change
Take it so you're all alone now
I can't survive you anymore
My hand is getting very cold
You're mine now you're mine

I'm excited to be with you

Ooh i know i know it's only what you wanna ask
