Little Birdy, Tonight's The Night

But you know it's true I've given up on you Take you're time, hold onto all you have Cos I am holding your hand so tight Tonight

But I try so hard to make it up to you I can't wait I can't help myself Cos I am holding your hand so tight Tonight

So that I can hold you Ohh anymore So that I can feel you Oohh anymore

But if you want to travel the seas alone I won't wait I can't help myself Cos I am holding your hand so tight Tonight

So that I can hold you Oohh anymore So that I can feel you Oohh anymore

But you know its true Baby you make me blue I am lonely For tonight Baby come on

And hold me tight
