

# Little Feat, Roll Um Easy

Oh I am just a vagabond  
A drifter on the run  
And eloquent profanity  
It rolls right off my tongue  
And I have dined in palaces  
Drunk wine with Kings and Queens  
But darlin', oh darlin'  
You're the best thing I've ever seen  
Won't you roll me easy  
Oh slow and easy  
Take my independence  
With no apprehension, no tension  
You walkin' talkin' dream paradise  
Sweet pair a' dice  
Well I been across this country  
From Denver to the ocean  
And I never met girls who could sing so sweet  
Like the angels that live in Houston  
Singin' "Roll me easy, so slow and easy...  
Play that Concertina, I'll be your temptress..."  
And baby I'm defenseless  
Singin' harmony  
In unison  
Sweet harmony  
Gotta hoist your flag and I'll beat your drum
