

# Little Milton, Were Gonna Make It

We may not have a cent to pay the rent  
But we&#039;re gonna make it, I know we will  
We may have to eat beans every day  
But we&#039;re gonna make it, I know we will  
And if a job is hard to find  
And we have to stand in the welfare line  
I&#039;ve got your love and you know you got mine  
So we&#039;re gonna make it, I know we will

We may not have a home to call our own  
But we&#039;re gonna make it, I know we will  
We may have to fight hardships alone  
But we&#039;re gonna make it, I know we will  
&#039;Cause togetherness brings peace of mind  
We can&#039;t stay down all the time  
I&#039;ve got your love and you know you got mine  
So we&#039;re gonna make it, I know we will

Our car may be old, our two rooms cold  
But we&#039;re gonna make it, I know we will  
We may not can spare a roach a crumb  
But we&#039;re gonna make it, I know we will  
And if I have to carry &#039;round a sign  
Sayin&#039; &quot;Help the deaf, the dumb, and the blind&quot;  
I got your love and you know you got mine  
So we&#039;re gonna make it, I know we will

We&#039;re gonna make it  
(We&#039;re gonna make it, we&#039;re gonna make it)  
We&#039;re gonna make it, baby  
(We&#039;re gonna make it, we&#039;re gonna make it)  
It might seem hard sometime  
(We&#039;re gonna make it, we&#039;re gonna make it)  
But don&#039;t worry, darlin&#039; baby  
(We&#039;re gonna make it, we&#039;re gonna make it)  
We&#039;re gonna keep on tryin&#039;  
(We&#039;re gonna make it, we&#039;re gonna make it) [fade]
