

# Little Mix, Change Your Life

She captures her reflection then she throws the mirror to the floor  
Her image is distorted screaming "Is it worth it anymore?" No No No  
Are you scared of the things that they might put you through?  
Does it make you wanna hide the inner you?

You're not the only one so let them criticize (Ah ah)  
You're untouchable when you realize, oh oh oh

Change, change your life, take it all  
We gonna stick together know we get through it all  
Change, change your life, take it all  
You're gonna use it to become what you've always known  
(Become what you've always known)

His body start to flicker like nobody wants to know his name  
Just another subtle feelings but nobody there to feel the pain, no no no  
They can whip you, bring you down, down to the sides  
But they will never get to the heart you hold inside hmmm

You're not the only one so let them criticize (Ah ah)  
You're untouchable when you realize, oh oh oh

Change, change your life, take it all  
We gonna stick together know we get through it all  
Change, change your life, take it all  
You're gonna use it to become what you've always known  
(Become what you've always known)

Change, change your life, take it all  
Change, change your life, take it all

You got the right to show the world  
Something never seen  
We wanna hear you scream it out  
You're not alone

Oh oh oh  
Change, change your life, take it all  
We gonna stick together know we get through it all  
Change, change your life, take it all  
You're gonna use it to become what you've always known  
(Become what you've always known)
