

# Little River Band, Every Day Of My Life

With everyday of my life,  
I can surely see now where I am going,  
and everyday of this year,  
I can clearly see I ain't wasted any time, no time at all.

With everyday of my life,  
I've tried so hard to keep it on going (how can I keep it on going ?),  
but other people around keep on  
draggin' me down to the ground,  
drag me down to the ground,  
they don't know move too slow.

With everyday of my life,  
I am slowly growing tired of excuses,  
and every question I raise,  
getting nothing but hurt and abuses  
from your mind, don't mind at all,  
I don't mind at all, no no.

Don't know why life's hard for us  
cause' we sure do try,  
forget your cares and worries,  
you know that we'll get by, yes we'll get by.

Don't need your help or sympathy  
ain't getting down on bended knee,  
sooner or later you'll discover,  
don't turn your back on your own brother.

With everyday of my life,  
I can surely see now where I am going,  
an everyday of this year,  
I can clearly see I ain't wasted any time, no time at all.
