

Little River Band, Look In Your Eyes

When I lie awake at night and I gently touch your cheek
The worries of the day slowly drift away
As I close my weary eyes and I feel you gently breathe
I think of all you are and slowly float away
Here we are in our world
Looking for a sign
When I find that I'm lost
I look in your eyes
There's that look in your eyes
When I feel alone I simply think of you
Mistakes I have made, pains I have felt
Fade into nothing
You are all that I am
The strength I'm looking for
With the world on my shoulders
I look in your eyes
There's that look in your eyes
Nothing will change how I feel
From the moment I loved you
Till the day that we die you are my rock,
You're my pain, you're my life
From the moment I loved you forever forever
Forever
When you touch me I falter
Feeling like a child
In that moment of wonder
I look in your eyes
There's that look in your eyes
There's that look, that look in your eyes
