

# Little Texas, Amy's Back In Austin

(Brady Seals/Stephen Allen Davis)  
(Track 3 - Time 4:36)

We left Texas on a windy night  
In a beat-up Chevy van  
We loaded it up with our innocent dreams  
And all the love we had  
We didn't know then how hard it was  
Livin' on our own  
I'd find her cryin' late at night  
Talkin' to the folks back home  
I wonder what went wrong  
And where is she now I'd love to know

I bet Amy's back in Austin  
Workin' at the Zona La Rosa Cafe  
I remember the night we lost it  
And the day she went away  
Was it the angry words or did she miss her momma  
I don't know but it don't feel right  
I bet Amy's back in Austin  
And I'm missin' her tonight

Workin' ten hours in a West Coast sun  
Can make the days so long  
And watchin' the moon crashin' into the ocean  
Alone sure gets old  
I remember how sweet it was  
Where is she now I need to know

I bet Amy's back in Austin  
Workin' at the Zona La Rosa Cafe  
I remember the night we lost it  
And the day she went away  
Was it the angry words or did she miss her momma  
I don't know but it don't feel right  
I bet Amy's back in Austin  
And I'm missin' her tonight

Could this desert wind  
Carry me back again  
With my heart in my hand  
Baby, baby I'm missin' you

Was it the angry words or did she miss her momma  
I don't know but it don't feel right  
I bet Amy's back in Austin  
And I'm missin' her missin' her tonight

Oh I bet Amy's back in Austin  
I bet Amy's back in Austin  
I bet Amy's back in Austin  
I bet Amy's back in Austin  
I bet Amy's back in Austin  
I bet Amy's back in Austin
